Description :

PDF-aaa92 | As an ecologist, Sandra Steingraber spent her professional life observing how living things interact with their environments. Now, 38 and pregnant, she had become a habitat—for a population of one. Having Faith is Steingraber's exploration of the intimate ecology of motherhood. Using her scientist's eye to study the biological drama of new life being knit from the molecules of air, food, and wa... *Having Faith: An Ecologist's Journey to Motherhood*
