Description :

PDF-018fd | Do you set goals but constantly fail to reach them? Do you think something is inherently wrong with you? Achieving goals is not a matter of resilience, willpower or strength of character but something much more unsexy and boring. Habits. Why do I say this? Goals are exciting. They keep you up at night and shift your focus during the day. Habits, on the other hand, are automatized, repetitive actio... *The Science Of Effective Habits: Stop Procrastination, Boost Your Productivity, Increase Your Mindfulness, And Change The Way You Live Forever*
